Any update on potentially pulling the P-18-0351 out of the hat? This is the one that just needs the memo finalized/signed? The company needs a written record of the update before we can proceed with next steps. They have reached out again and we'd like to at least give them a potential timeframe for hearing back. Thank you so much!

Thank you Ex. 6 Personal Privacy (PP) for getting back to me so quickly.

I want to provide some further clarification on P-18-0351. As I understand it, for this case no additional QA/QC is necessary, as the memo just requires a final signature from a senior scientist. It had already been discussed among the health assessors and the brief memo was written up by Ex. 6 Personal Privacy (PP). Would you be able to check on that case specifically to see if RAD can just close the loop on it?

As far as P-18-0049 is concerned, we look forward to hearing from your team the week of the seventh. Thanks again for your help!

I am swamped swimming with crocodiles. The good thing is that I am swimming with [redacted] and both of us will be bitten and we will be consoling ourselves.

We are not working on these cases now [redacted] and I am working with [redacted] on the Sept. SNUR cases (a bunch of P18 cases) and the incoming cases due by Sept. 30. So, in terms of a timeline, we may be able to work on these case the week of Sept. 7.

I wanted to check in and see if you could provide me an update on two priority cases we're trying to get out of the backlog: **P-18-0049** and **P-18-0351**. The last NCMB heard from RAD on these, they were with you for QA/QC. For P-18-0049 specifically, NCMB had initially provided this case to RAD in September of 2019, and [redacted] had reached out in mid-July for an update but had not heard back.

Would you be able to provide us a timeline for when you expect these two cases to be cleared RAD review? I know you are absolutely swamped, but if there's any way to move these to the top of the queue I would really appreciate it. Thank you so much for your help!

I would like to check the status of a backlog case that was assigned to you and it has been a hair on fire for a while. The submitter has been asking and getting frustrated. The case is P-18-0049 and what we have been waiting for is the responses to the submitter letter sent to us last year.

Thank you
